

Scholastic Travel Risk eLearning

Prepare your students to be confident international travellers. Complement your Membership with the right training to ensure their safe, healthy and life-enriching travel.

Safe, Confident Travellers

How will you prepare your students for international travel? It may be their first time abroad and keeping them safe is critical for their well-being and to your reputation.

By properly training your travelling students, both you and they can gain peace of mind. By helping to keep them out of harm's way, you will be fulfilling more than just your duty-of-care.

Mitigated Risks

Knowing the common risks associated with unfamiliar destinations is half the battle. Remembering them is equally important.

Our Travel Risk eLearning provides crucial information to reduce the chance of your students being impacted by an incident.

Meaningful and Memorable

Comprehensive Scholastic Travel Risk training covers:

Preparation

- Practical advice before travel
- Principles of personal security
- Health preparation and understanding the importance of emotional well-being

Travel

- Managing risks while away
- What to avoid, and precautions to take, while travelling in an unfamiliar place.

Response

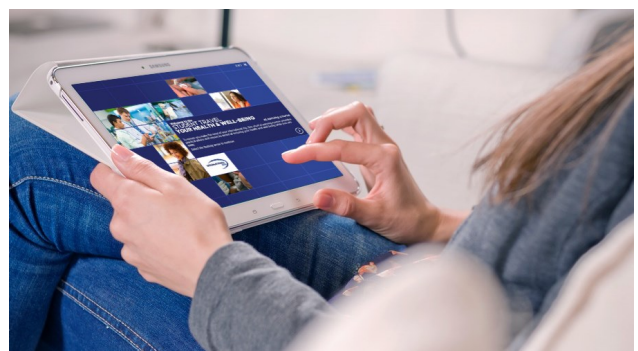

- Knowing what to do when things go wrong
- Advice on how to respond to acts of violence, crime, natural disasters and health issues.

Service Summary

Our Scholastic Travel Risk eLearning provides:

- Up-to-date, meaningful and relevant information on mitigating the risks of being a student traveller
- Completion in under 30 minutes per course
- Add-on focussed training for female travellers (additional 15 minute course)
- Reminders of our 24/7 advice and assistance services provided as part of your Membership.

All travellers receive a certificate upon successful course completion.

International SOS Training Hub is a user-friendly learning platform; it can be accessed from computer, tablet and smart-phone, in various languages.
