

# BLEISURE TRAVEL TRENDS 2018

## Most likely to add leisure travel to a business trip

## Insurance policy covers leisure travel

36%

Require staff members to take out their own private insurance if they add a leisure component

## Type of leisure trip

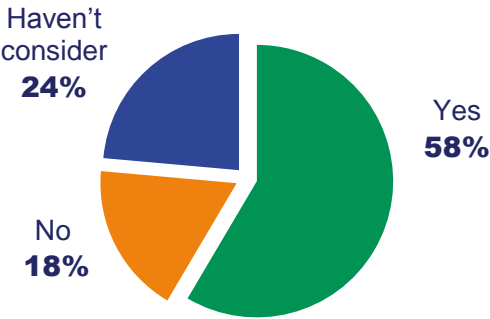

9 in 10 people believe the traveller is responsible for the leisure portion of business travel and not the organisation

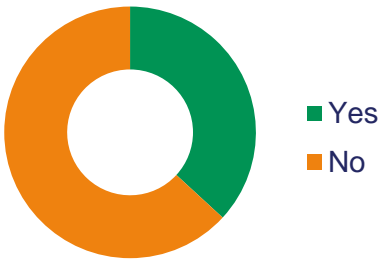

## How long would it take to make contact with a traveller once the business portion of their trip was over?

## Travel policy allows leisure travel attached to business

## Does the risk rating of the leisure travel destination factor into the approval of adding leisure travel to a business trip?

The Bleisure Trends 2018 Survey is an International SOS and CAPA – Centre for Aviation survey conducted from 7 February to 11 March 2018, targeted to business travellers and travel risk managers. The survey findings represent the responses from 106 of Australia and New Zealand's leading organisations.
