

HELPING ORGANISATIONS ACHIEVE THEIR SUSTAINABILITY PRIORITIES

WE SUPPORT GLOBAL REPORTING

Our data from assistance, medical, and other programmes can add value to your health and risk management-related reporting disclosures (e.g. Global Reporting Initiative (GRI) disclosures 103, 403 and 413).

Reporting Facts

Capturing case studies and employee testimonials about specific programmes delivered by International SOS.

Explains the organisations' contribution to the Sustainability Development Goals (SDGs).

Reporting Figures

Data on employees' health and security obtained from International SOS programmes and applications in line with GRI standards.

Supports organisations' risk identification and management process, and related disclosure.

WE HELP ORGANISATIONS MEET THEIR SUSTAINABILITY PRIORITIES

Wherever your business takes you, International SOS delivers customised solutions for health and wellbeing, security, and risk management to fuel business growth and productivity.

Medical staffing, workplace prevention programmes, and traveller's digital support are key elements contributing to a comprehensive sustainability framework.

We help you:

Achieve your sustainability goals by implementing appropriate responses and risk mitigation solutions.

Innovate in your reporting requirements by providing added value insights.

Enhance your sustainability planning with our health and security experts by offering strategic advice.

“The International SOS organisation was commissioned at an early stage to conduct a health impact assessment locally to give us a better understanding of the possible health risks caused by the incoming labour force, and to help us plan activities to control these risks.”

WE CREATE VALUE AND RETURN FOR ORGANISATIONS

By partnering with us, you can fulfil your Duty of Care responsibilities, while empowering business resilience, continuity and sustainability.

Our experts can advise on health and security strategic planning and innovative interventions that are relevant to the core business of organisations to meet sustainability disclosure requirements, while bringing a Return on Investment to your organisation.

AT INTERNATIONAL SOS, WE HELP ORGANISATIONS DEVELOP, GROW AND PROTECT HUMAN CAPITAL AT WORK AND IN LIFE, FOR NOW AND THE FUTURE.

“We also partner with International SOS – a global organisation with extensive experience in malaria prevention and treatment – to combat malaria in Indonesia and Ghana.”

WE CARE

International SOS aims to help you deliver on your sustainability commitments to your people, partners, and community.

International SOS is in the business of saving lives and protecting your global workforce from health and security risks.

Our integrated medical and security solutions have been supporting organisations achieving and reporting on SDG achievements.

Good Health, Well-Being and Decent Work are the SDGs we focus on.

SUSTAINABLE DEVELOPMENT IS DEVELOPMENT THAT MEETS THE NEEDS OF THE PRESENT WITHOUT COMPROMISING THE ABILITY OF FUTURE GENERATIONS TO MEET THEIR OWN NEEDS.

- The Brundtland Commission (1987)
