

# EVACUATION TURKEY TO FRANCE

**International SOS helped a director of a French organisation and his family to travel from Turkey to France during the COVID-19 Pandemic. We organised their evacuation from Turkey to France.**

**In less than three hours, and despite heavy logistical constraints, our security team was able to provide secure transport services from their home to the airport where they took their flight.**

WORLDWIDE REACH. HUMAN TOUCH.

## EVACUATION MOROCCO TO UNITED STATES

**International SOS provided a charter flight evacuation for eight students from three US universities from Morocco to the United States. We were on hand to to arrange a security evacuation.**

**In the midst of the COVID-19 pandemic, eight very anxious students were returned safely to their even more anxious parents within 48 hours of contacting International SOS.**

# EVACUATION MALAYSIA TO CHINA

**International SOS evacuated a patient with a brain tumour for a Chinese conglomerate from Malaysia to China during COVID-19. Our Assistance Centres in both locations were immediately activated.**

**The patient arrived safely to his home country and was successfully transferred to a designated local hospital where he received the necessary medical treatment with the presence and support of his family.**
