

MANAGER ASSISTANCE INDIA

International SOS helped the HR team of a tech start-up to decipher confusing and ever-changing domestic travel restrictions. We were on hand to put in place a Workforce Resilience programme.

The HR team were relieved to have the support and have significantly reduced the amount of time spent on answering queries from their workforce.

TRAVEL ASSISTANCE UNITED KINGDOM

International SOS provided domestic travel support to Andrew who was diagnosed with COVID-19 and fell ill while returning home to the U.K. The hotel that he stayed in overnight would not accommodate him.

We immediately provided an interim solution and were able to locate a hotel who would accept him despite his diagnosis, and organised a taxi transfer to the hotel.

TRAVEL ASSISTANCE AUSTRALIA

International SOS assisted a domestic traveller who required advice on the restrictions of interstate travel within Australia. We provided up-to-date protocols for interstate travel in Australia.

Our security coordinator was on hand to provide our client with information on the up to date protocols for interstate travel in Australia between New South Wales and Queensland.
