

**DR RAYMOND RUTHVIN**  
**REGIONAL MEDICAL DIRECTOR, WEST AND CENTRAL AFRICA**  
**INTERNATIONAL SOS**

**Based in Lagos**

Dr Raymond's remit currently covers the West and Central Africa where he ensures the achievement of international levels of clinical care and medical direction across all locations of the region. As a result, International SOS West African locations achieved ISO certification.

Dr Ruthvin has been employed by International SOS since 2003 when he started in Afghanistan and has then been assigned in a few Africa countries before being deployed in Lagos, Nigeria in 2012 where he has been interfacing very successfully since with several demanding patients and clients including from the Oil and Gas industry.

He is supporting a varied team of around 200 health professionals from diverse backgrounds and remains fully passionate about clinical governance and achieving consistent quality patient care.
