

THE INTERNATIONAL SOS DIFFERENCE

INTERNATIONAL
SOS

We are the **only** provider capable of deploying assistance services

in unstable/war/conflict/extreme/natural/ or
man-made hazardous environments.

Half of our workforce are **medical professionals**

ISO 9001:2008 certification

across all business lines & all registered companies.

ISO/IEC 27001:2013 certification

Security best practices for customer data.

Award - winning

travel security joint venture with
Control Risks since 2008.

80% of medical cases result in no cost or
claim to the insurer.

73% of members are very likely to
recommend us.

LESS THAN 2% of travel security cases
require evacuation or repatriation.

The world's first and
leading global network
and infrastructure,
established over 30+
years.

**Unlimited advice and
referrals for your
workforce.**

Superior account management support

Your own dedicated team to manage
your account

Free online content library

TravelTracker: The only tracking
system fully integrated with medical and
security assistance.

Unique medical expertise: Including emergency, occupational travel & mental health, aeromedical
and conflict zone.

Account management: Your own dedicated team to manage your account. Including commercial matters,
service implementation and ongoing administrative support.

TravelTracker: Multi-channel communication capability - email, SMS, and text-to-speech protocols.
Automated 'resend' capability to ensure travellers acknowledge/respond to your messages.

Joint venture: In-country experts use a mixture of technical and on-the-ground sources to gather and assess the
real-time issues that are relevant to you.
Analysis and on-call advice on what is needed to keep your people safe and productive.

WORLDWIDE REACH. HUMAN TOUCH.
